

**GLAN Y MOR SCHOOL, BURRY PORT**

The project involved the construction of a new youth club facility at Glan y Mor Comprehensive School, Burry Port, Llanelli.

The work involved the:

- Extension of female changing room and associated works
- Alterations to male changing rooms and associated works
- Removal of existing mobile facilities
- Removal of asbestos containing materials
- Removal of existing oil tank
- Erection of a single storey steel framed building
- Associated mechanical installations
- Associated electrical installations
- External works and drainage.

All work was carried while on a “live” site with the school fully occupied during the contract period.

Client: **Carmarthenshire County Council**

Architect: **Lawray Architects.**

Engineer: **Roger Casey Associates**
